

"Thank Rob if he's hosting tonight" (must be Santos)

:: Mic off stand, and back on::

Tonight I must be doing a character tonight Jim Flannery, candidate for president of these united states.

Not to worry, this must be theatrical activism or-or taking care of cockroaches, cualquiercosa nigga.

Before we go any further, one might ask, why would anybody be dumb enough to run for president –

The only reason I can imagine **someone would ever-ever** run for president other than them being a mentally ill person, would be to **prove there's no such thing as a mentally ill person.**

~~Cause it's pretty hard to say you are doing this for your country when, for the people and by the people and all that shit, technically, it's all of you, every fucking one of you, that has allowed people like us to be tortured in places like CVH down the road.~~

Well, if you've read the press release that apparently Helen Bennet at the Hartford Courant was too chicken shit to publish, **you already know** that if I'm elected, the moment I am sworn into office, I'll be the most dangerous person on the planet, and since I'm an **alleged** mentally ill person, and for no other reason, I'll be locked in a mental hospital for the entirety of my 4-year term... or 8... cualquiercosa, nigga

And though the press release said I'd wait till April to kick the campaign off, once I'd solved how to do the actual job of being president, there wasn't much left to do **except just come back home and do something instead of nothing.**

So here's nothing.

::action::

These aren't even from this state.

::spark::

Maybe not nothing... just something **only** an **alleged** lunatic would do.

While I won't be a danger to others until I become president of these united states, I am currently self-destructing intentionally as some kind of activism, including both self-inflicted physical harm and lasting legal repercussions --- which makes me an immediate danger to myself.... whether it's because I'm mentally ill or not – cualquiercosa-nigga --- so depending on whether the people you're calling believe I'm mentally ill or a just ass hole will dictate whether I end up in jail or a mental hospital... and hopefully we'll find out right here and now once and for all what kind of state connecticut really is....

Don't be disgusted by the lack of patriotism if and only if nobody does anything about this soon-to-be alleged criminal openly breaking a law in their community.

"Am I going to have to call that unfortunate white woman Helen a nigger just to go my point across."

Cause if nobody's gonna make a phone call, then I suppose you're all supporting domestic terrorism right now, and we're all going to jail... hope they've got a Patty wagon.
